

DETAILED ACTION

This office action is in response to the amendment, remarks and new reissue declaration filed on 10/22/2009.

Allowable Subject Matter

1. Claims 1-7, 9-29, 71, 75-95, 97, 99-102, 104-106 and 108-120 are allowed.

With respect to claim 1, the following is an examiner's statement of reasons for allowance: the prior art of record neither discloses nor makes obvious the combination set forth in the independent claims, and especially does not show “an oil sump disposed between said outer shell and said mounting frame, said oil sump being in communication with said first scroll compressor through a first bore in said drive shaft and said second scroll compressor through a second bore in said drive shaft”, in combination with the other claim limitations.

With respect to claim 75, the following is an examiner's statement of reasons for allowance: the prior art of record neither discloses nor makes obvious the combination set forth in the independent claims, and especially does not show “a mounting frame disposed within said outer shell; a motor disposed between said first and second scroll compressors and attached to said mounting frame, said motor being drivingly coupled to said drive shaft; an oil sump disposed between said outer shell and said mounting frame”, in combination with the other claim limitations.

With respect to claim 76, the following is an examiner's statement of reasons for allowance: the prior art of record neither discloses nor makes obvious the combination set forth in the independent claims, and especially does not show “a first capacity modulation system for applying a force to said second scroll member to move said second scroll member between said first position where said first scroll compressor operates at substantially full capacity and said
